

Accessories

Reflex EEHR screw-in electric heating element 1½"

- As auxiliary electric heating
- Suitable for these types:
 - Storatherm Aqua Heat Pump
 - Storatherm Aqua Solar
 - Storatherm Aqua AF /1-M
- For flange mounting, additional seal and flange cover required
- Safety temperature limiter (STB) 120 °C
- Control lamp used as pilot light
- Degree of protection IP 54
- Electric connections by the user
- Not approved for continuous operation
- Water hardness max. 14 ° dH

Reflex EEHR screw-in electric heating element

Type	Part No.	Product group	Tank volume [l]	Capacity [kW]	Voltage V	Installation length L [mm]
EEHR 1,8	9200277	68	> 100	1.80	230	375
EEHR 2,4	9200278	68	> 100	2.40	230	375
EEHR 3,0	7755100	68	> 100	3.00	230	375
EEHR 3,0 Incoloy	9200461	68	> 100	3.00	230	375
EEHR 4,5	7755300	68	> 300	4.50	400	450
EEHR 6,0	7755400	68	> 300	6.00	400	510
EEHR 8,0	7755550	68	> 750	8.00	400	620
EEHR 10,0	7755600	68	> 1,000	10.00	400	750

Reflex perforated flange

- For the optional installation of a 1½" EEHR screw-in electric heating element
- Perforated flange replaces a standard blind flange at the tank service opening
- Order seal separately

Part No.	Product group	Tank volume [l]	Ø D [mm]
Perforated flange			
7760000	68	150–500	150
7760100	68	750–3,000	225
Seal			
7760900	68	150–500	150
7761000	68	750–3,000	225
